We had the police department come in to do our lockdown. It was very realistic and intense. They brought their AR's, because they wanted our students to see what it would actually be like.

9. English Extension-Brandi MacGoldrick

Each ELA teacher identifies who needs remediation and who goes to the extension. D's and F's go to remediation. A's, B's and C's go to an extension. Each of the teachers provide either remediation services or an extension. We did this twice in November. The kids love it!!!!
